Mr. Rodriguez:

I talked with Lt. Col. Barnes at the Industrial College and he said that their formal age requirement is: 35 - 45 but they would consider someone a bit older. He feels that a 50-year old candidate's chances would be questionable.

Meanwhile I have the following possibilities:

25X1A

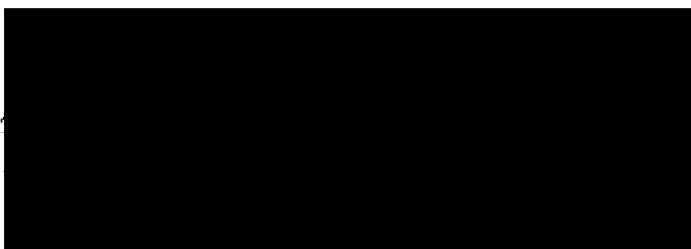

[REDACTED] GS-16, OF, age 47 (he just completed the 8-week FEI course, however)

A 43-year old GS-15 from NPIC.

I will be back to you when I have firm word from the Directorates and some bio sketches.

I also clarified that ICAF is looking for just one candidate from us.
